Extra Strength Digestive Enzyme Lactase, Lacteeze

\$4.75

(RRP \$4.95)

type=input,subtype=TEXT,width=40,height=04.95

You Save: \$0.20

LACTEEZE Extra Strength tablets provide a natural source of the digestive enzyme lactase, allowing you to digest the lactose in dairy products without unpleasant symptoms such as bloating, flatulence and cramps.

LACTEEZE Extra Strength tablets are suitable for adults and are chewable with a natural mint flavour.

Gluten free / dairy free / no preservatives, artificial colours or flavours.

Simply chew 1-3 tablets immediately before consuming dairy products. The effect of the tablets is temporary - maximum 1 hour. If after 1 hour you want to consume more dairy, you should repeat the dose.

- 10 Tablets
- 100 Tablets

INGREDIENTSDextrose, microcrystalline cellulose, lactase (4,000 FCC lactase units), calcium stearate and natural mint flavour.

Lactase source: Aspergillus

HOW TO USE LACTEEZE TABLETS

LACTEEZE tablets are very convenient to use. They come in Children's™ Strength (3,000 FCCLU) and Extra Strength for adults (4,000 FCCLU). Children's™ Strength is also suitable for adults who have mild

lactose intolerance or who consume very little dairy at a time.

LACTEEZE tablets have a pleasant taste - peppermint flavour for adults and strawberry flavour for children.

LACTEEZE tablets are available in 100 tablet bottles or sample vials of 10 tablets.

Directions for Use LACTEEZE tablets need to be taken every time you consume dairy products. Simply chew or swallow 1-3 tablets just before consuming dairy foods such as milk, pizza, cheese or ice cream. You may adjust the dose to suit your individual needs. The more dairy you eat, the more LACTEEZE you will need. Any excess enzyme is simply eliminated from the body through the digestive system.

For young children, you may want to crush the tablet in a little bit of water or jam if the child doesn't like chewing tablets.

The effect of the tablets is temporary - maximum 1 hour. If after 1 hour you want to consume more dairy, you need to repeat the dose.

- No preservatives, artificial colours or flavours
- Yeast free, dairy free, gluten free, suitable for coeliacs
- Lacteeze does not contain any drugs and is safe in pregnancy
- Store at or below room temperature away from heat
- Do not freeze product.
- Do not use if security seal is broken
- Keep out of the reach of children.
