You Save: \$5.00

Nature's Way Vitamin E 500 is useful in reducing the oxidisation of LDL cholesterol in the cardiovascular system thereby promoting a healthy heart and arteries. Vitamin E may also assist in the treatment of minor skin disorders and wound healing as well as maintaining peripheral circulation. Vitamin E helps to maintain normal oxygenation of the tissues and is also a powerful antioxidant.

Powerful antioxidant helps with wound healing and peripheral circulation.

- Vitamin E
- 200 (500mg) Soft Gel Capsules
