You Save: \$3.10

Super strength herbal and mineral combination for immune support. Trace elements like zinc have a significant influence on the function of the immune system. Olive leaf is also beneficial for treatment of upper respiratory tract infections and relief of the symptoms of colds during winter.

Olive leaf extract has been used as a natural antibiotic and may be helpful in the battle against many new infections caused by a new breed of antibiotic resistant "Superbugs" ranging from viruses, bacteria, fungi and parasites.

Extracts of Andrographis have been shown to display a number of biological activities such as antiviral and immune stimulant in normal healthy individuals.

Contains no dairy products, gluten, wheat, yeast, artificial colours, flavours or preservatives.

Always read the label. Use only as directed. If symptoms persist consult your healthcare practitioner.

- 60 Capsules
- 120 Capsules

Olea europaea (Olive leaf ) Ext equiv to dry leaf	795 mg
Andrographis paniculata Extract equiv to dry herb	100 mg
Zinc (as gluconate)	5 mg

- Adults take 1-2 capsules, 3 times daily before meals, or as prescribed by your healthcare practitioner.
