You Save: \$5.45

Biologically Active Aloe for enhanced potency, plus the Soothing Action and Great Taste of Active Manuka Honey.

Nutra-Life Organic Aloe Vera Juice Produced from 100% pure, liquid, inner gel of the Aloe Barbadensis Miller plant, blended with 6% by volume Active Manuka Honey.

Bottle Size

- 1.25L

Aloe Vera is an extraordinary plant with a long history of use based on the natural healing properties associated with the special gel derived from its inner leaf.

Today, the benefits of Aloe are supported by modern scientific research, and Aloe users report improved regularity, intestinal comfort and energy levels after using the new standardised **Nutra-Life Organic Aloe Vera Juice**.

Nature's Team for Digestive Health

Nutra-Life Organic Aloe Vera Juice is 100% pure, inner gel Aloe Vera, blended with 6% by volume of Active Manuka Honey, combining the natural healing properties of Aloe Vera with the soothing action of Active Manuka honey. These two natural ingredients work together to provide a greater benefit for digestive health.

Tastes Great!

The combination of Aloe Vera and Active Manuka Honey in **Nutra-Life Organic Aloe Vera Juice** creates a great tasting health tonic that overcomes the reluctance of some, to drinking plain Aloe Vera juice. The astringent taste of Aloe Vera has been overlaid with the sweet, mouth-filling flavour of Manuka honey.

It's not only good for you - It tastes good too

What are Polysaccharides?

Polysaccharides are complex sugars and are crucial to the beneficial properties of the Aloe Vera gel.

What is Biologically Active Aloe?

Aloe Vera gel that contains polysaccharides of a medium to high molecular weight size is proven to be the Biologically Active component of the Aloe.

Biological Activity Guaranteed

The aloe we use provides a guarantee of biological activity that the Biologically Active component of the Aloe Vera gel has been retained.

Quality

The **Nutra-Life Aloe Vera** plants are organically grown without the use of pesticides or herbicides.
