Kolorex® Mouth & Throat Care contains a unique blend of traditional herbs, including the New Zealand native Horopito. (the same active ingredient as Kolorex Intestinal Care Capsules.)

The plant actives in Horopito have been shown to promote a healthy microbial balance. Our normal microflora balance can be adversely affected by many factors, the most common of which are poor diet (for example a diet high in processed foods, sweet or alcoholic beverages), stress, and certain prescription drugs, in particular broad-spectrum antibiotics.

- 20 Tea Bags

Horopito leaf (*Pseudowintera colorata*) This New Zealand herb was traditionally bruised, steeped in hot water and applied to remedy skin problems. Both the early European settlers and Maori made a tea of the leaves for stomach upsets. Modern science has confirmed the presence in Horopito of actives that promote a healthy microbial balance*. Forest Herb's uses only Horopito that is independently laboratory verified to contain high levels of these actives. It is Horopito that gives Kolorex Mouth & Throat Care its unique hot taste and action.

Anise Seed (*Pimpinella anisum*) Used traditionally in South America as a folk remedy, with a reputation as a digestive aid*. Anise seed oil is used to flavour drinks, food and confectionery. Anise seed is used in Kolorex products to enhance the action of Horopito.

Lemon Grass (*Cymbopogon citratus*) Traditionally used throughout the tropics as an herbal tea and culinary

flavouring. Its main use as a tea has been as a remedy for indigestion, stomach ache and flatulence*. The essential oil is used as a flavour and fragrance.

For maximum flavour and herbal benefit steep each tea bag in a cup of hot water for 4-8 minutes before consumption.

Kolorex Tea bags are 100% caffeine free, and are suitable for vegetarians.
